

2021/2022

CORN DELAYED PRICE AND STORAGE RATES

September 1, 2021

STORAGE and DELAYED PRICE will be on a first come first serve basis.

On request from the producer M&M Service Co. will make available a Guaranteed Reserved Space Contract for that producer and his associated accounts.

M&M Service Co. reserves the right to charge a cancellation fee of 10 cents per bushel for any portion of a Guaranteed Reserved Space Contract not used for storage, or delayed price.

In addition, **at the producer's request**, spot purchases across the scale would also count towards the Guaranteed Reserved Space Contract.

=====

DELAYED PRICE

- Minimum delayed price charge of **17** cents per bushel through November 30, 2021.
- Then **3** cents per bushel per month through August 31, 2022 prorated daily.
- Grain delivered for delayed price will be charged elevator scale of discounts in effect at time of delivery.
- Moisture will be shrank and discounted to **15.0%**.

STORAGE

- Minimum storage charge of **17** cents per bushel through November 30, 2021.
- Then **3** cents per bushel per month through August 31, 2022 prorated daily.
- Grain delivered for storage will be charged elevator scale of discounts in effect at time of delivery.
- Moisture will be shrank and discounted to **14.5%**.

All accumulated storage charges, D.P. charges, discounts including drying charges, and any trucking charges will be deducted at settlement.
